

FESTIVE PROGRAM 2023-2024

A CELEBRATION UNDER THE SUN

— T Z O L K I N —

Chablé Maroma, situated in the heart of the Mexican Caribbean, welcomes you to a fully immersive beach experience with unique seasonal celebrations.

Following in the footsteps of the ancient Mayans, we will delve into age-old wisdom to connect with the essence of our being and harmony with the universe, anticipating the festivities in a three-week celebration. Here, guided by the stars of this sacred land, we will embark on a magical celebration to close the solar cycle.

Join us in this sacred reserve where natural beauty merges with celebrations under the sun and the festive spirit of the Caribbean.

THE MAGIC AWAKENS

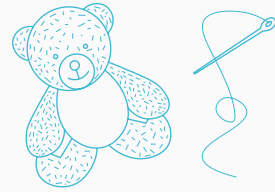

We welcome the most magical season of the year, when the excitement and anticipation for the countdown to the festivities begins.
